This is the final Office Action for the serial number 10/796,144, RESERVOIR THAT A BRACKET IS INTEGRATED WITH, filed on 3/10/04.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10, line 9, "rib portion deforming a concavity" is indefinite because how can one rib portion create concavity? To create concavity, it requires more than one rib portion. Also one rib portion would not be able to maintain in level position if only one end of rib portion is being supported by attaching portion or connecting portion. In order to maintain rib portion in leveled position, it requires plurality of rib portions to connect between the attaching portion and connecting portion

Allowable Subject Matter

Claim 10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 5-6 and 11-14 are allowed.

Response to Arguments

Art Unit: 3632

Applicant's arguments with respect to claim 10 has been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
